Alice Longworth Says

(Special To The News)
WASHINGTON, D. C., April 25.—Puerto Rico has been handed her walking papers on the basis of two weeks warning and two weeks wages. The reasons for this move are difficult to determine. One suggestion is that the murder of the American chief of police has scared the administration into quitting. Another is that this proposal is a footnote to the "good neighbor" policy of complete surrender of our eminence among the nations of the two Americas; a demonstration that the New Deal nobly refuses to interfere in the affairs of any political unit, except in our own 48 erstwhile sovereign states.

There has been no independence agitation of any consequence in Puerto Rico. It seems hardly possible that our withdrawal can be on the score of economy. What we spend on the island is a negligible drop in the gushing flow of our governmental outpouring.

If this policy is carried to its logical conclusion, what about Alaska and the Virgin Islands? After all Texas was once an independent republic and Florida is a semi-tropical peninsula with fine old Spanish traditions.

PA NEW OBSERVES

Day by day the public square is acquiring its attractive summer coloring. City Forester Owen Penfield Fox again requests passersby to heed the signs, "Keep Off Grass."

Pa. New's suggestion regarding the need of a flagpole at the South Jefferson street railroad crossing where the streets are being repaired, was apparently heeded. At different spots on the same street workmen are busy smoothing out the surface, and several flagmen can be seen performing their duties.

When it comes to attractive license plates, Young Pa Newc believes that the state of Colorado is right up among them. A blue background with white numerals composes the Colorado state plates, which were noticed on a car parked near The News on Friday.

Daylight savings time begins in New York, Pittsburgh and other metropolitan centers on Sunday morning. There will be no change in time schedules in New Castle, eastern standard time being observed.

Tuesday is primary election day. Despite the lack of excitement the election is important and all voters should get out and register their choices as party standard bearers.

Memorial Day (May 30) will come on Saturday this year. So will the Fourth of July.

DEAR PA NEWC:
We are in the midst of the season when our bird friends are about to bring forth their first brood of young, and it is at this time birds need our most rigid protection. I have for the past few days noticed a large number of kingbirds. The kingbird is one of our most useful

Arrangements Being Completed For Democratic Convention In Philadelphia

(BULLETIN)
(International News Service)
PHILADELPHIA, April 25.—Senator Alden W. Barkley of Kentucky, was chosen keynote speaker and temporary chairman and Senator Joseph T. Robinson, veteran administration floor leader, was selected permanent chairman for the Democratic party's national convention here in June at a meeting of the convention arrangements committee today.

The selections, as well as those of other convention officials were made at a closed session of the committee under Postmaster General James A. Farley, Democratic national chairman, and served to confirm advance predictions that made the choices a virtual certainty. Farley said, at a meeting of the national committee on organization to be held shortly in Chicago.

Farley, who predicted a sweeping victory for President Roosevelt next fall—admitting only the "possible" loss of three states—and also visualized Pennsylvania in the Roosevelt column, announced that Gov. George H. Earle of Pennsylvania

See Drastic Revision Of New Tax Program Likely In Congress

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, April 25.—Drastic revision of the administration's new tax program appeared likely today as foes broadened their attack and a Democratic split was threatened in the senate.

The focal point of the drive against the plan, as contained in the \$303,000,000 house bill, was the move to abandon present corporation taxes and use undistributed earnings as the "yardstick" for taxation.

While both senate and house were in adjournment today, a series of conferences were held which forecast intensive efforts to alter the measure next week.

New Plan Considered
Senator King (D) of Utah, emerged as the leader of opposition in the senate finance committee. He predicted the new plan, if enacted, would result in years of litigation and would be undoing the framework of taxation built up by congress in the last 20 years.

Retention of the present flat corporation tax with a super-tax designed to prevent "hoarding" was being considered as a substitute for the administration plan.

A new utility "death sentence" battle also loomed as tax experts declared the house bill would sound the death knell of many big hold-

'Woman In Red' Says Farewells

(International News Service)

CHICAGO, April 25.—Mrs. Anna Sage, the "woman in red" today bade farewell to family and friends here as she prepared to leave shortly after midnight on a deplane's train for Jersey City, N. J., and thence to her native, Rumania.

Under orders to surrender at 3 o'clock this afternoon to federal agents at a railroad station, Mrs. Sage, who was ordered deported following her conviction for operating a disorderly house in Gary, Ind., spent her last hours here telling friends how she had been allegedly "double-crossed" by federal authorities.

Mrs. Sage was the "woman in red" who reputedly put "the finger" on John Dillinger for federal agents who shot and killed the desperado as he left a motion picture house here.

POTTSVILLE, Pa., April 25.—With 29 state championships awarded on the first day of competition, an enthusiastic but disciplined army of 5,000 students resumed contests here today for the remainder of the 53 titles to be carried away from the two-day annual meeting of the Pennsylvania Music and Forensic League.

One of the largest delegations was that of Greenville high school, of Northwestern Pennsylvania. The Mercer county delegation of 146 students and 15 faculty members arrived by special train.

Skidmore Starts Serving Sentence

Life Term Faced By Once Daring Desperado, And Killer Of Two Men

(International News Service)

PITTSBURGH, April 25.—One time object of an intensive, county-wide police hunt, George Skidmore, sharpshooting killer of two men, today became merely a "number" as he faced the oblivion of life imprisonment in the penitentiary.

Pleading guilty to the wanton murder of Charles Hammond, crippled gasoline station attendant, whom he shot down in 1930 during a robbery, Skidmore was sentenced by Judge Ralph H. Smith in criminal court here.

The plea of guilty was a desperate move on the part of the youthful bandit and his attorneys to beat the electric chair in the face of unbeatable evidence.

McCowin, 25-year-old school teacher, crushed to death by a giant casting which slipped off a truck and struck her coupe, may be brought against manufacturers and shippers of the casting, it was indicated today.

Detective's Son Eludes Capture

Ellis Parker, Jr., Now Sought In Eight States By Officers

FACES CHARGES IN WENDEL TORTURE

(International News Service)

MOUNT HOLLY, N. J., April 25.—In spite of an eight-state alarm for his capture, Ellis Parker, Jr., today continued to elude state troopers and detectives who sought to arrest him on a warrant from Brooklyn charging participation in the kidnapping and torture of Paul H. Wendel.

A score of state troopers maintained an all-night vigil outside young Parker's home here, the home of his father, Burlington county chief-of-detectives; and the homes of friends and relatives, but no trace of the youth was found.

The eight-states alarm was sent out by state police headquarters in Trenton, acting under orders of Col. H. Norman Schwarzkopf, after several police officials expressed the belief the son of the famous country sleuth had fled the state to avoid immediate capture.

More Indictments Seen.

In Brooklyn, District Attorney William F. X. Geoghan declared that five or six more persons, in addition to the five already under indictment, face indictments for the kidnapping and torture of Wendel.

"Some of them will include public officials of New Jersey," he predicted. "The indictments will start to flow again next week. As to the question reporters are constantly asking about whether these will include men holding elective offices, I must answer I do not know, but I do not believe so."

Young Parker was described by Geoghan as the "man behind the gang which carried out the kidnapping of Wendel and forced the ex-attorney to make several false confessions designed to save Bruno Hauptmann from the electric chair."

(International News Service)

HALIFAX, N. S., April 25.—Continued improvement is being shown by both Dr. D. E. Robertson and Alfred Scadding, survivors of a ten-day entombment in the Moose River gold mine, physicians at Victoria hospital said today.

Dr. Robertson, who was brought here from Moose River by seaplane yesterday, told attendants at the hospital he was feeling "well."

Scadding, who is said to have a mild case of "trench feet," as a result of his imprisonment, was cheered by the offer of \$500 a week to make personal appearances for a theatre chain, although he gave no indication he would accept.

The body of Herman Magill, third of the entombed men, who died before rescuers could reach him, was shipped back to his home in Toronto yesterday.

Rome Gets Reports Of Further Heavy Fighting In Ethiopia

International News Service Staff Correspondent

ROME, April 25.—Seizure of the entire Lake Tsana region of Northwestern Ethiopia after a 125-mile drive was announced in Rome today, completing Italy's blunt defiance of long-recognized British rights in this zone.

Lake Tsana, source of the Blue Nile river and vital to the irrigation of Egypt's agricultural lands, was completely occupied when Italian column captured Bardar Giyorgis, strategic town at the extreme southern tip of the lake, yesterday, today's official communique revealed.

Report Heavy Fighting

The communique officially confirmed reports of heavy fighting in the Sasa Baneh sector of the southern front, where General Rodolfo Graziani's army is pressing on toward Jijiga and Harar.

By occupying Lake Tsana completely, the Italians presumably are in a position to cut off the all-important flow of water down the Blue Nile into Egypt. Irrigation of

Lindbergh Case Is Now 'Closed'

J. Edgar Hoover Not Interested In Report Finding Of More Ransom Bills

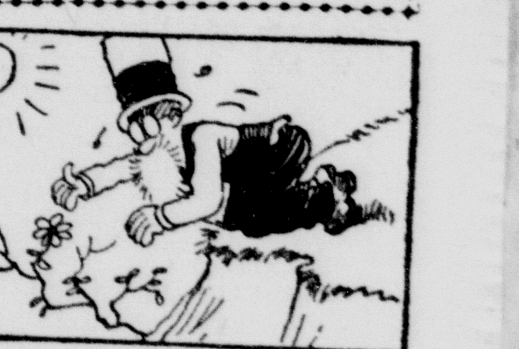

(International News Service)

WASHINGTON, April 25.—Both-ered by frequent reports of the finding of alleged Lindbergh ransom money in various parts of the country, J. Edgar Hoover, chief of the "G" men, today asserted the Lindbergh kidnapping case was "closed" so far as the department of justice was concerned.

"We are not looking for any Lindbergh ransom money," he said. "As far as the department is concerned, the case is closed."

His statement was prompted by reports that approximately \$20,000 in Lindbergh ransom bills had been located in New England. Reports also reached Hoover that other bills believed to have been part of the \$50,000 which Colonel Charles A. Lindbergh paid out in the hope of recovering his kidnapped baby had been located in New Orleans. Hoover said the federal bureau of investigation was not making any effort to confirm these various reports.

REED SCORES AS 'KEYNOTER'

Former Senator Blisters New Deal

Missourian Addresses Mock Convention At Northwestern University

DECLARES HE IS REAL DEMOCRAT

(International News Service)
CHICAGO, April 25.—Former Senator James A. Reed of Missouri scored the greatest oratorical triumph of his career today.
For three hours last night he sat on the platform at Northwestern University's mock national convention and watched the disfigurement of three other keynoters as 4000 student "delegates" indulged in cheers, boos, catcalls, and all manner of horseplay, apparently the campus idea of how national political conventions are conducted.
When his turn came to keynote for "the constitutional anti-New Deal Democrats," the fiery Missourian raised his hand, asked that he be accorded courteous treatment, and then launched a blistering attack on the Roosevelt administration that held his difficult audience spell-bound, brought them to their feet with rousing cheers as he concluded his arraignment.

Still A Democrat
Reed declared:
"I have been a Democrat all my life. I am still exactly the same kind of a Democrat I have always been. I am standing on the last Democratic platform and the platform of preceding conventions. I have refused, and still refuse to follow the banner of Socialism, Communism, or New Dealism, and I am opposed to the New Deal because I regard it as an unholy combination of the iniquities I have just catalogued."
Denouncing the administration program, he said, "... The New Dealers have discovered:
"That the people of America are and always have been a belligerent and foolish crowd."
"That all the experience of the past is useless."
"That the supposed wisdom of the great men of history was the mere groping of imbeciles wandering through a night of ignorance."
"That the teachings of our fathers and mothers are absolutely false, and that American civilization has always been a fraud."
Against such reasoning, he said, he would stand to the end of his life.

Send Cotton Checks Despite Court Ruling

(International News Service)
WASHINGTON, April 25.—Adjustment payments totaling \$5,372,700 have been made to cotton producers in ten states on their 1935 contract with the AAA, which was held unconstitutional in January by the supreme court, AAA officials announced today.
Checks are being sent out at the rate of 7,000 a day. Cotton growers will receive between \$35,000,000 and \$45,000,000 on their contracts, under which they are paid the difference between the average daily market price and 12 cents per pound. All payments are expected to be made by June 1.

Concede Nominations.

Discounting even the vigorous campaign of Edward B. Zimmerman, anti-administration candidate opposing State Senator Warren R. Roberts for the Democratic nomination of auditor general, both major parties' candidates for fiscal officers were conceded nomination. Running with Roberts and unopposed for the state treasurer's post is Deputy Attorney General P. Clair Ross. On the Republican ticket E. Arthur Sweeney, Greensburg publisher, is unopposed for auditor general, while Frank L. Pinola, Wilkes-Barre attorney, has party backing for state treasurer against Frank P. B. Thompson, Philadelphia.

Pennsylvanians also will ballot preferentially on presidential candidates Franklin D. Roosevelt and Col. Henry Brockbridge, Democrats, and Sen. William E. Borah, Republican. Brockbridge's candidacy is seen merely as a "test" of anti-administration sentiment.
Thirty-four congressmen and the entire state house representation of 208 members must be nominated and the state party committeemen and national party convention delegates and alternates will be elected at the primary.

Voting Outfits Are Ready For Primary

Total Registration In City Is 19,147, Which Is The Highest On Record

Registering Clerk Thomas Edmunds and county commissioners were busy this morning getting the city election supplies ready for distribution on Monday. There is one package containing the supplies for the other ballots and a third the registration lists for the different districts. The registration lists are in cases resembling those carried by a traveling salesman.

The three packages are strapped together for convenience in handling. The commissioners will deliver the outfits to each precinct in the city. It is desired that the judges of election who are to receive the outfits be at the polling places or have some one there to take charge of them.

Work of erecting the voting booths and cleaning up the election places was concluded today. Ballots for the country districts and boroughs have all been delivered.

Registration in the city of New Castle stands at 19,147, an all time high, and it will be interesting to note what percentage of this registration goes to the polls to vote. There are 13,606 registered Republicans and 5,595 Democrats.

DON'T NEGLECT TO VOTE, TUESDAY!

FOLLOWING a campaign that has been marked for a lack of intense excitement and color, the voters of New Castle and Lawrence county will go to the polls on Tuesday to select the candidates of their respective parties for the offices to be filled in November.

In spite of the fact that the campaign has engendered less than the usual interest the primary election is important and every citizen having the good of his state at heart will get out and vote.

The contested nominations are limited this year. In some cases the candidates on each of the two major parties have no opposition. However those in which there are contests are important offices, important to the tax payer for they are legislative offices, both state and national and upon the membership of those legislative bodies hangs the responsibility for the levying of taxes and the policies of the state and nation.

The thinking voter should not be lulled into a sense of false security and neglect to vote. General elections may decide the contests between parties but the primary election is the place to be sure that the candidate of your party is a proper person.

Get out and vote on Tuesday. It is a duty you owe yourself and a privilege you should not forego.

ADVERTISING IN RUSSIA

One of the first things the Bolsheviks did after the Russian revolution was to abolish advertising. It was bourgeois. It made people want things. It was wicked. Now the Soviet authorities have restored advertising. Not only that but they have gone in for it in a big way. They have discovered that advertising is essential to large scale production. You cannot sell unless you tell what you've got to sell.

But even more interesting is the "social" reason given by the Kremlin for advertising. In creating desire, advertising will make people work harder to gratify that desire. Contrary to the theories of communism, an incentive to endeavor is thus recognized as essential. People will work in order to get more out of life. Advertising is restored in Russia to tell them how to get more.—Editorial Opinion of the San Francisco Chronicle.

THE WEATHER MAN

Poking fun at the official weather forecaster seems to be one of the free-born American's inalienable rights. When father, unfolding the evening paper, remarks that "I see the weather man says it's going to rain tomorrow," the rest of the family is more or less expected to reply that the weather man is seldom known to be right and that his forecasts are little better than inspired guesses.

Now, however, the weather man gets his vindication. The United States weather bureau, having checked upon its accounts for the past year, reveals that its forecasts were 89.6 per cent accurate throughout the year.

In other words, when the weather man says it is going to rain tomorrow, the chances are nine to one that he is right.

Most of us, probably, will go on doubting his word—but we might as well realize that the odds are all in his favor.

THE TEST ENDS IN FAILURE

League of Nations efforts to settle the Italo-Ethiopian war by direct action have ended in failure. It is admitted there is no applicable means to prevent Italy from gaining full domination over the African nation by force of arms. The only action expected now, upon the part of the league, is a possible strengthening of the sanctions which were imposed against the aggressor nation. But Mussolini was not deterred by the original penalties, and there is no reason to believe he will relinquish any of his newly gained territory, regardless of what further sanctions may be imposed. The penalties have had a damaging effect upon Italy's foreign trade, but it is not at all likely that all the member nations of the league will continue to observe the embargo forever.

There is a limit to everything, and the vast probabilities are that, if Mussolini remains adamant on his stand in Ethiopia, which is anticipated, there will come a time when some nation, lured by the Italian market, will break through the barrier. When that is done, the sanctions will cease to exist, except in name. If the league's attempts to end the controversy show anything, it is the revelation that diplomacy is ineffective against a government that will not listen, but insists upon pursuing the course it has laid out.

Mussolini's idea isn't new. It's just the usual scheme to divide the wealth accumulated by somebody else.

The thing for the ardent gardener to do just now is to get to work on the removal of the dandelions from the lawn so as to make room for the crab grass.

What the country needs as much as anything else is men who can say "yes" and "no" without first putting their ears to the ground, conducting a preliminary survey or going into a huddle with their consciences.

A London worker for peace asks, "What possible profit can come out of another European war?" Well, for one thing, Vickers, du Pont, Krupp and Schneider might pay twenty per cent or more, and probably would.

Hints On Etiquette

Dinner guests should never pile dishes or brush up crumbs when they are through eating. When food drops on the cloth a guest may lift it with his knife and place it on the side of his plate.

A code official was snooping about the office gathering some statistics for the NRA. "How many persons work here?" he asked the proprietor of the concern.

"At a rough guess I should say not more than two-thirds," was the disgusted answer.

We All Have Worries.
Important To Remember.
111 Better Than None.
Chapman's Homer,
Which.

By ARTHUR BRISBANE

UNCLE SAM'S "daily worry" for today has to do with a "baby drought" threatening 30,000,000 acres. The winter wheat outlook is uncertain. Nature, unfortunately, refuses to be regulated.

HAILE SELASSIE'S worry gets worse. His savage tribesmen are in revolt, looting, killing, and foreigners, including Red Cross units, are leaving his capital, Addis Ababa, hurriedly—Mussolini is coming.

THE ENGLISH worry, the pound falling, higher taxes promised. Money must be spent getting ready for another war, especially for air attack, if it should come.

The worst of the worry is that England's Royal Air Force experts say it would be impossible to defend London from air bombardment even if the bombardment were announced in advance.

FRANCE WORRIES about German military units close to the Austrian border. If Hitler, already named "supreme war lord," takes advantage on Austria would be appropriate, and reasonably safe. The empire of the Hapsburgs has dwindled since the days of Maria Theresa.

Paris' worst worry is that Vienna might welcome Hitler, if he should cross the border.

TOKIO WORRIES about Russia "plotting a war against Japan," but no plotting is necessary. Russia knows the location of every Japanese city, town and factory. It would be necessary only to declare war and start dropping bombs, particularly bombs that spread fire.

Starting a war for foreign countries is as easy as "shooting up a gambling game" among our racketeers; no secrecy or plotting necessary.

THE NEWS reminds men of Conger's Warning:
"Heaven has no rage like love to hatred turned, nor hell a fury like a woman scorned."

R. J. Kruger awoke in Brooklyn, N. Y., when his wife, Loretta, aged 32, stabbed him in the back seven times with a carving knife. She told police calmly, "Everything is over now, nothing matters," and would not change her pajamas for a dress, to go to the police station.

HER HUSBAND beat her, she said, beat her again, and "we made that up." But, "there was a girl," and that could not be forgiven. The stabbed husband told police: "I yelled, 'help! murder! police!' Then I don't remember much." He would have avoided seven separate stabs had he remembered Congre.

IN FRANCE, there are one hundred and eleven candidates for one seat in the Chamber of Deputies. Being French, these gentlemen have at least one hundred and eleven different opinions as to what is needed "to save France."

That need not fill Americans with any "superiority complex"; to have 111 ideas is perhaps better than not to have any.

A HEADLINE on the sporting page read, "Chapman's Homer Helps Reds to Win."

Every American knew that this meant somebody named Chapman had made a "home run." Some, extremely few, thought, "Hello, some Russian Communists have been reading Keats' poem, 'On First Looking Into Chapman's Homer,'"

SMALL DETAIL

In the days of the war, the officer in charge of a British station in the heart of Africa received the following wireless message from his superior officer:

"War declared. Arrest all alien enemies in your district."

With commendable promptness, the superior officer received this reply:

"Have arrested seven Germans, three Belgians, two Frenchmen, four Italians, one Austrian, and an American. Please say with whom we are at war."

About the first thing that the average citizen does in the morning is to look at the thermometer to see how cold it is. In a few days April will be over and its departure will be accompanied by about the same degree of regret that marks the farewell to relatives who come to visit a few days and stay a month.

A man who was in traffic court for failing to stop at a crossing, explained it this way: "It was like this, judge? It was the first time in sixteen years I had ever had a baby. It was especially important that I get to the hospital for it was one of

those blood confusion cases and I was worried." When the judge asked him how the baby was and if it looked like the father, he decided that he couldn't fine the defendant, so happy ending.

The state health department has announced a clean up week, when citizens are expected to clean up all the old rubbish that has accumulated during the winter. According to a recent mercantile census there are in the United States 25,700 retail stores operated by colored men and women. They are said to be just as successful as their white brethren, which goes to show that all the colored people need is capital and an opportunity. There are a lot of smart colored people who could run stores.

Little Jimmy and his mother attended church last Sunday morning without their father. After the services, they passed the pastor who was at the door, bidding everybody goodbye.

"Well, Jimmy," the preacher said, "why didn't you bring your father along today?"

Without a thought of the consequences, Jimmy spoke up. "Oh, Dad went out to the golf club this morning." He felt the nudge of his mother's hand in his side, and realizing that he had said the wrong thing, he continued:

"But he ain't playing golf today—not on Sunday, never! He just went out for a couple of drinks and a game of poker."

An editor in commenting upon the fact that newspapers sometimes make mistakes in their columns, says he made some in his last issue and a good subscriber told him all about it. He goes on to relate that the same day there was a letter in his post-office box that did not belong to him; he called for No. 98 on the phone and got 198; he asked for a spoon of number fifty thread and got number sixty; he got his milk bill and there was a mistake of ten cents in his favor; he felt sick and the doctor said he was eating too much meat when he hadn't tasted meat for two months; the garage man said the jitney was missing because it needed a new timer and he cleaned a spark plug and it has run fine ever since. NOT FOR THE MOMENT
Those who listen in at the concerts broadcasted over the radio, perhaps heard a speaker recently refer to Hayden's "Creation" and say:

"Contemporary friends of Hayden at that time, knowing that he was working upon the 'Creation,' repeatedly urged Hayden to make haste and finish the work."

"Hayden finally answered them and said: 'I hope to finish the 'Creation' and make it a work that will live a long long time.'"

In other words, Hayden was not composing for the monetary pleasure of his audience, but was endeavoring to make some music that would endure as long as music and composition could endure.

What a tremendous example is the "Creation."

Guess On Next President.
Wall Street Quotes Odds.
Stretching The Convention.

By LESLIE EICHEL

Central Press Staff Writer

WALL STREET DOES NOT always guess correctly, as any one who does business in that short, narrow thoroughfare knows. Merely for your information, however, Wall Street is betting on the re-election of President Roosevelt at odds ranging from 6 to 5 to 2 to 1. It was even money in January.

There is no betting on the Republican nomination.

In Cleveland, scene of the Republican convention, now merely a few weeks away, there is no betting, either. Cleveland seems likely to be carried by President Roosevelt in November, even though it will be host to the Republicans in June. In fact, as matters look at present, the Democrats may carry the city by a considerable majority.

Philadelphia, scene of the Democratic convention will, on the other hand, remain Republican. That is the present consensus.

Observers' Views
Veteran convention observers, already in Cleveland for the convention that will begin on June 9, are guessing that the Republican convention will last 10 days—which is contrary to this writer's opinion. These observers do not agree with this writer that Landon will win on the second ballot. They see a fight ahead.

Arrangements are being made to cover a fight.

HUGE DEMONSTRATION?
It is rumored that the Republicans may try to steal a march on the Democrats and dim a "stunt" for the conclusion of the Democratic convention. President Roosevelt, it has been rumored, will make a night speech in huge Franklin field—stadium next to the Philadelphia convention hall—at the end of the convention.

Now it is whispered that the Republicans may parade their nominee to the still "huge" Cleveland stadium near the convention hall, as a grand finale to the G. O. P. convention. The Cleveland stadium seats 89,000—and tens of thousands more could stand on the shores of Lake Erie and hear the nominee by means of loud speakers.

HOW TO STRETCH?
The Democrats are having difficulty trying to figure out how to keep their convention going six days in Philadelphia. The city was promised that, in return for the large sum put forth to gain the conven-

tion, Ringmaster James A. Farley is thinking up stunts, incidental to the renomination of Messrs. Roosevelt and Garner.

PLENTY OF NEWS

There will be as many writers "covering" the Republican convention as there were delegates a decade back.

Provision has been made for 750 inside the Cleveland convention hall, besides photographers and motion picture and radio men.

More than 1,000 applications for seats in the press section are on file.

There will be 550 inside the Philadelphia convention hall.

Hundreds more in each city will be "covering" hotels, unable to gain entry to the halls.

The Cleveland coverage will be the greatest in the history of the newspaper world.

D'STANT
The press section will extend so far into the hall that the first row of the delegates will be 55 feet from the speakers' platform. The last row of alternates will be two blocks away—down that huge hall.

NEW JERSEY citizens dropped from relief invade legislative halls, camp out, sleep on floor, promise to remain until New Jersey supplies money and food.

Ewing Township, N. J., with 9,000 population, taking 450 families off the dole, told them officially to go the dole. Begging being illegal, each family was provided with a begging license. That may be called "economic relief".

CANADA TALKS about letting the Bank of Canada include silver in its "currency reserve" along with gold.

This country thought it wanted silver, then decided the other way, and will soon be getting more gold from France and England. France and pound are both dropping.

If angels ever laugh, it must be when they see black men in South Africa digging gold out of one hole in the ground, and white men in North America feverishly burying that same gold in a deeper hole, doing nothing with it.

DR. ECKENER, the man who knows how to run an airship, will have his name taken from all the corners of Eckener Avenue in Berlin. That avenue will be changed to "Hitler Strasse", because Eckener is not sufficiently enthusiastic about the recent German election.

DR. ECKENER probably will not worry, he rarely uses streets, being a flier; the name that he has made in the air, nobody can take from him. That is the advantage of doing something real.

ALVIN KARPIS, called "Public Enemy No. 1" by the government, is wanted by "G-Men", who offer \$5,000 for information leading to his arrest.

Karpis doubtless wonders what some of his friends might do "for \$5,000", and resents, possibly, the fact that the government offered \$10,000 for John Dillinger, only \$5,000 for him.

Church Colleges Could Change Future Of U. S.

So Declares Dr. J. Campbell White In Address At Westminster

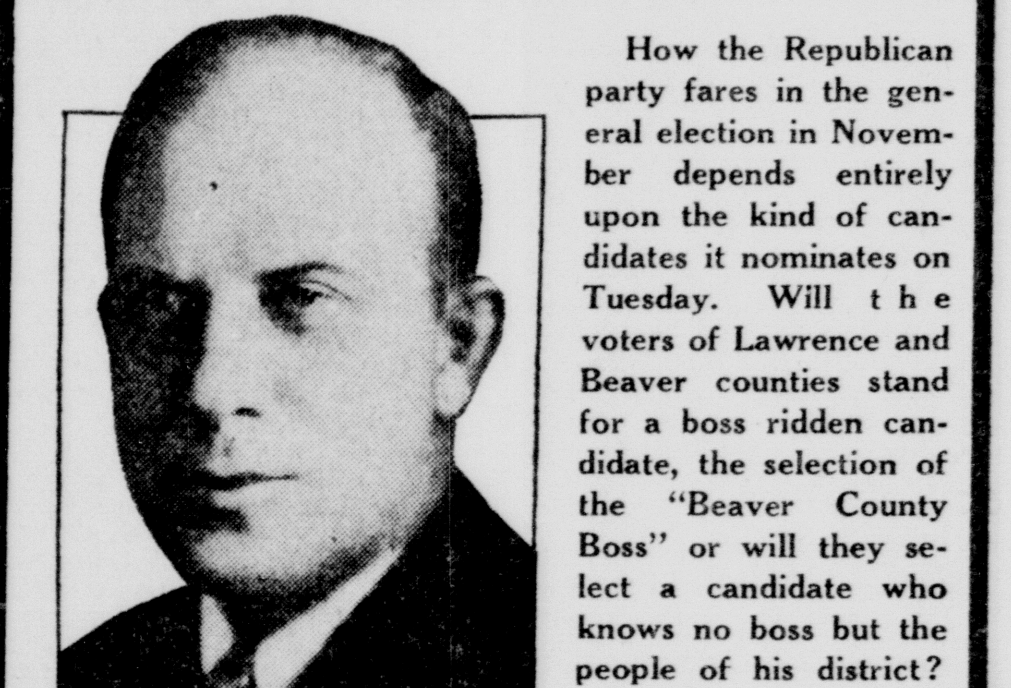

(Special To The News)
NEW WILMINGTON, April 25.—"The 400 church colleges of America could change the entire future of this country if they chose to," Dr. J. Campbell White, for many years director of a settlement house in Hell's Kitchen, one of New York's toughest districts, told Westminster College students Friday morning in chapel.

Dr. White urged more students to offer their services for social settlement work during the summer, "without pay if necessary." He pointed out that crime which was costing the United States \$17,000,000 a day could be avoided if America would center more of its attention on its children and youth.

In Dr. White's settlement, eleven feet were cut off of the church in order to enlarge a playground which accommodates over 200 children daily.

Before taking up settlement work, Dr. White spent 10 years in India organizing groups for the Y. M. C. A.

How the Republican party fares in the general election in November depends entirely upon the kind of candidates it nominates on Tuesday. If the Republican voters want a progressive, independent candidate they will vote for

WASHINGTON
AT A GLANCENew Deal Probe
Worries LeadersInvestigation By Hidden
Forces Has Democratic
Leaders In QuandryMAY BE USED
DURING CAMPAIGN

By CHARLES P. STEWART
Central Press Staff Writer.
WASHINGTON, April 25.—Democratic party managers would greatly like to know what interests are financing the unofficial investigation which unmistakably is in progress, and on a large scale, into New Deal activities of all sorts.

Reports have come into headquarters from local administrators in many different and widely-scattered parts of the country to the effect that they are sure alphabetical affairs are being "probed".

There has been several inquiries here and there by the government itself, but this is described as being, apparently, a systematic campaign of "snooping" engineered by some outside influence. It would seem to be an official influence, too, considering the number of investigators it must have in the field, to be complained of from such a multiplicity of areas at once.

AGAINST "NEW DEAL"

Presumably the information which this supposed staff of inquisitors is gathering is to be used against the New Deal in the coming presidential and congressional fight.

Democratic strategists take it for granted that it will be placed at the disposal of the Republican national committee and at the disposal of the committees in charge, respectively, of G. O. P. candidates for seats in

the senate and the house of representatives.

If so, it is assumed by the Democrats that it will be used for basing charges of New Deal "skullduggery".

"SINISTER?"

New Dealers do not care to admit that they fear investigation, even by hostile investigators.

All the same, they sense something sinister in this quiz.

There is a mystery about it that worries them.

Besides, they are conscious that a battery of "alphabeticals" which has been spending money in billions in the last three years will be lucky if it can't be revealed as having spent more or less of it unwisely, to say the least.

They don't enjoy the prospect of having a succession of such revelations sprung on them suddenly, from day to day, as the campaign wags along.

UNCOVERED TOO LATE?

The senate and the house of representatives do, indeed, have a committee each to investigate campaign practices, as the campaign progresses.

These committees of course will be democratically dominated this year. They may, between now and next November, discover what outfit inspired the current "snoop", if any, and hold it to be unfair.

But what good will that do?—if the snoop already has yielded results?—and changed votes, on the strength of its publicity? No good at all.

WHOSE CASH IS IT?

The G. O. P. national committee, to tell the truth, is not much suspected.

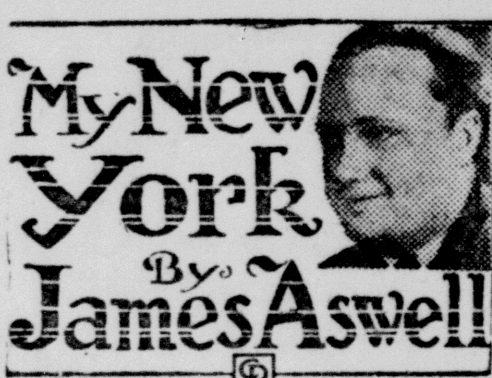

Not that the New Dealers don't think the G. O. P. committee has the disposition to investigate the alphabetical or that it will hesitate to use any anti-New Deal stuff that investigators may dig up, but they don't believe that the committee has the money to pay for so seemingly intensive an inquisition as this appears to be.

Their notion that folk affiliated with the American Liberty league, the Sentinels, the Southern Committee to Uphold the Constitution or maybe members of the United States Chamber of Commerce or the National Manufacturers' association are putting up the cash.

It has the earmarks of an expensive crusade, anyway.

And it is well managed. It has given the jitters to the local officials of alphabetical dom.

(Copyright, 1936, by Central Press Assn.)
NEW YORK, April 25.—Interview
With a Headwaiter:

Q. Well, you're coming up in the world, aren't you? Here you are presiding over one of the ritziest eating places in the world and the first time we met you were lord of a little side-show speakeasy.

A. Yes, but, please don't mention in your writing that I used to run a speakeasy. That isn't considered smart by the Park Avenue set any more.

Q. But they used to come there, didn't they?

A. Oh, yes, sir. That's how I built up my following.

Q. Following?
A. Surely. A headwaiter, nowadays has to have a following just like a movie actor. This is a very fine place. But if I leave I take many customers with me—that is, provided I go to another very fine place.

Q. What about tips? Are the customers shelling out with sawbucks as in the old days?

A. Oh, sir, the tip is only given in the cheaper places. Of course, if one of my gentlemen fans happens to make me a gift of say, \$100, at Christmas time, that is all right. But the \$5 or \$10 tip for a meal that is vulgar. You only see that in the very lowest class night club.

Q. But what about tables near the floor? If it's a big night aren't you slipped a bill now and then by people who want ringside tables?

A. Sometimes. But the gift does not influence me. A headwaiter in a truly high-class place like this must decorate his floor. He is an artist. He must arrange his people around the dance floor to give the best effect. I never let commercialism interfere with my art.

Q. I don't think I understand. Do you mean you put the prettiest ladies down front, or what?

A. Not at all, sir. A floor must be seated according to celebrity and social standing. The first tier, or what the lower class places call ringside, I try to fill up with movie people, prominent stage personalities, recognizable ladies and gentlemen. The next tier I reserve for socially prominent guests. This is an ideal arrangement. Our social celebrities do

not have to turn around to gaze at our theatrical celebrities and our ordinary guests can see both without trouble.

Q. Where do you put your literary celebrities? You know, authors or books and plays, and so on?

A. Oh, we always seat them at the rear ring of tables. Pardon me, sir, but they do not, on occasion, dress as well as they might. I am no snob, sir, but you want a place like this to be as decorative as possible. One tie in disarray or studs which do not match can upset me for a whole evening.

Q. I should think your own laundry bill would run into money, with a fresh dress shirt every night.

A. I avoid that, sir. You see I wear detachable cuffs and shirt front.

Q. Where do you hope to go from here? I mean, this is about tops in the head waiter line. What's your ambition from this point?

A. Oh, I shall remain here, sir. There is no place for me to climb from here. But I am saving my money. I shall return to Italy some day—by the way do you notice how well I have learned to speak English since the old days?—and when I have the right amount I shall open a small bar and restaurant near Naples. It is my ambition, sir, to have a place with sawdust on the floor—remember my first place with the peepholes in the cellar, where we first met—well, something like that. I want a place where there's some excitement. Remember the time I put the two drunks out single handed? Nothing like that has happened for years. But near Naples with strong red wine and sawdust on the floor I'm sure I can have some fun again.

AROUND
CITY HALL

With automobile accidents reported to have increased recently police officials hope that with warm weather and heavier traffic drivers will cut down the speed of their cars. Thirteen persons have met death in the city by being struck by motor vehicles during the past few years. In 1933, there were two fatalities. In 1934 seven proved victims and in 1935 four lives were claimed. One life has been lost so far this year.

Probabilities are that council will fix up roads in the different parks this spring but they will not become excited in their spending for material to make the roads a speedway.

When council meets Monday they will open bids for the renting of Rainbow Terrace at Cascade park. The last time bids were opened there was only one bidder and he, B. J. Biondi, was awarded the concession.

Several permits for new construction and remodeling have been issued recently at the city engineer's department. The estimated cost for April building will be larger than for March, it has been indicated.

More Than 200 Tattered
"Squatters" Will Not

Chambers

(International News Service)

TRENTON, N. J., April 25.—Still entrenched in the assembly chambers of the State capitol here, 200 tattered members of the so-called "squatter legislation" learned of a new plan to bring added relief to the state's unemployed.

The scheme, worked out in a five hour conference of leaders of the republican majority, meeting in Newark, calls for the placing of the relief administration in the hands of the municipalities with state assistance. The plan made no provision for money, but it is expected this detail will be taken care of when the assembly re-convenes Monday.

Humor Vanishes

Much of the caustic humor and burlesque attitude of the "squatters" in mocking the antics of the legis-

lators, whose seats they occupy, had vanished today.

A resolution was passed with solemnity that: "We will go to jail rather than leave here Monday" when the regular seat holders return. Leaders of the group emphasized their intention to remain in the capitol until some definite action is taken to assure them of the relief payments which were cut off by lack of state funds.

The resolution was passed after Raymond Cooke, executive secretary of the Workers Alliance of America, told the group the state senate and assembly chiefs, meeting secretly in Newark yesterday, had decided on a "do nothing program."

Rev. H. J. Sutton Giving Farewell Sermons Sunday

Primitive Methodist Church
Pastor Is Leaving Local
Field

Rev. Harold J. Sutton, who has been pastor of the Maitland Primitive Methodist church for the past four years, will preach his farewell sermons there Sunday morning and evening.

A number of visiting ministers will be present, including Rev. J. A. Tinker of the Third Primitive Methodist church, Pittsburgh, who will be the new pastor here; Rev. and Mrs. C. W. Tyrrell of Industry, Pa., formerly of the local church, and Rev. and Mrs. Evan Thomas of Houtzdale, Pa.

Rev. Sutton last February, in the denominational paper, made known the fact that he was withdrawing from the local field. He will receive his new appointment in the conference which opens shortly in Wisconsin.

His morning subject tomorrow is to be "The Apostolic Benediction." The final farewell message will be heard at the evening worship service.

Rev. Tinker, who accepted the call to the church some time ago, will open his pastorate in three weeks, May 17.

Breckinridge Cites Issue

(International News Service)
NEW YORK, April 25.—Henry Breckinridge, Democratic opponent to the renomination of President Roosevelt, today declared that the big issue before the American people is "not whether this administration goes to the right or left but when it goes out."

In a statement prepared here, Breckinridge criticized the president for failing to answer certain questions he had put to him before his Jefferson birthday speech at Baltimore. He challenged the president to answer these questions in his speech here tonight.

"I respectfully invited him to answer certain questions to the people," Breckinridge said. "But all he really discussed was the same old economy of scarcity dressed up in different clothes."

Grace Womer Crawford FOR GENERAL ASSEMBLY FIRST DISTRICT

Police today received a report that R. R. Reese, R. D. 1, New Wilmington, was missing from his home. He has been gone since April 14, the report stated. He is believed to have taken away in a 1929 Pontiac sedan H3328X. He is described as follows: Age 52; height, five feet 10 inches and weight 155 pounds. Police were asked to inform Reese if located that his mother is ill.

The fifth and last Panel Discussion of the season, under the National Youth Administration, was held last night at the Y. W. C. A. auditorium. About seventy adults and youths received the messages of the speakers, enthusiastically. Due to the coming spring weather, and the lack of interest in indoor functions, it is thought better to discontinue the discussions until the fall.

Roosevelt To Speak Tonight

Democrats Eagerly Await
Speech By President In
New York City

(International News Service)
WASHINGTON, April 25.—President Roosevelt will deliver another address in New York tonight which the politicians are awaiting with considerable curiosity.

Leaving the capital in midafternoon by special train, the president will appear this evening before a belated Jefferson dinner sponsored by the national Democratic club.

Although there were rumors in some quarters that the president would undertake a slashing attack on his political opposition, best informed sources predicted tonight's speech would contain nothing more spectacular than the one he delivered in Baltimore 12 days ago before the young Democrats. There was evidence around the white house that Mr. Roosevelt is withholding his heavy fire until after the Republicans have selected their presidential candidate.

French Voters Ready To Cast Ballots Sunday

(International News Service)
PARIS, April 25.—With army and police authorities taking strict precautions to prevent possible disorders or rioting, political forecasters today predicted a leftist victory in tomorrow's French parliamentary elections.

Ten million Frenchmen will go to the polls to elect their new chamber of deputies and thousands of special police and mobile guards will stand to arms all over the country to prevent clashes.

The election will be particularly important to Europe because efforts at final solution of the Rhineland crisis as well as many aspects of the Italo-Ethiopian situation have been postponed to await the outcome of the French vote. Once the vote has been held, the way will be open for further negotiations on the Rhineland.

Cliff Hall Will Be Taken To New York

(International News Service)
AKRON, O., April 25.—New York detectives were expected here today to return Cliff Hall, 42, stage and radio comedian, to Manhattan on a non-support charge filed by his showgirl wife, June Rogers.

Hall will not be arraigned here because he has agreed to waive extradition, police court officials said. The comedian, who played the role of "Snarl" in the Baron Munchausen broadcasts several years ago, was arrested here when he completed a theatrical engagement with the Joe Penner stage troupe. Last night was his second in Akron jail.

On Court House Hill

Jury Commissioners George Forrest and Frank Thorn, with Sheriff Edward D. Pritchard, drew juries this morning for the June term of quarter sessions court. One grand jury and two petit juries were drawn.

Joseph Samuels and Jerusha Samuels, his wife, have filed preliminary foreclosure proceedings at the prothonotary's office against Eva M. Randall, administratrix in the estate of the late W. S. Randall. The original mortgage on property in the fourth ward was \$1000. With interest and costs the claim is for \$1,275.

Prothonotary John M. Edgar has prepared an argument list for a session of argument court to be held on May 4th. There are 33 cases on the list. They embrace cases which have been recently tried in common pleas court and for which motions for new trials have been made.

Under the will of the late Clarence E. Porter of Ellwood City, which has been admitted to probate at the register and recorder's office, decedent leaves all of his property to his sisters, Elizabeth J. Krouth of Ellwood City and Elsie McCandrews of Tucson, Arizona. The former is named as executrix.

According to word received here leaders of both major political parties are making preparations for state committee re-organization meetings to be held in May. State G. O. P. Chairman M. Harvey Taylor, has announced that he will be a candidate for re-election at a meeting to be held on May 15. No official announcement has yet been made by the Democratic party or by its state head, David L. Lawrence, as to whether or not he will again be a candidate for the position.

County commissioners have made a settlement with Anna Shirk of Union township, who had filed a claim for damages as a result of improvements made on the New Castle-New Bedford road. Mrs. Shirk is to receive \$160 in full settlement of her claim. Most of the claims for damages on this road have been settled, either by agreements or verdicts. One case has been appealed to the supreme court.

Demonstrations as to the best methods of sampling road materials was given at the state highway offices in the seventh ward yesterday.

In the afternoon a demonstration of road patching was given at Walmo under the direction of a Mr. Hunter from the state highway department at Harrisburg. There is a lot of patching work to be done on the different highways of the county, and the demonstration was for the purpose of showing road employees the best way of taking care of the different situations that arise.

It is to be hoped that those who make the returns of the ballots cast at next Tuesday's primary elections, will get their returns in to the county commissioners' office before noon on Wednesday. Usually the returns are made promptly, but there are always some laggards, who hold up the work of securing complete totals. At the last election all of the returns were in by noon, except one and it did not come in until late in the afternoon. The result was that a complete count could not be made until the returns from the laggard district were brought in.

Deputy Constables who have been appointed to preserve order at the different polling places on next Tuesday, are expected to remain at the polls until the vote is counted, according to an opinion given by Attorney William McElwee Jr., solicitor for the county commissioners. Heretofore there have been some complaints that the constables have left the polling places, as soon as the polls were closed. According to the election laws, the deputies must remain until the votes are counted.

Usually deputies at the polling places have very little to do, but it is necessary to have them in case there is any disturbance.

HERE AND THERE IN SPORTS' LAND

Injuries are held responsible for the withdrawal of George Anderson, University of Georgia sprint star, from the Olympics. Two years ago he ran the 100 yard dash in 9.5 seconds. His spiked shoes have now been hung up for the season because of injuries sustained to his knees.

With Russell Curry of Winchester, Kas., leading the individual point scoring, the Sophomores won the annual Geneva college class track meet at Beaver Falls, Friday. They scored 54 points to 50 points scored by the Juniors. The Seniors won third place with 23 points and the Freshmen were fourth with 14 points. Curry tallied four first places and two seconds for 26 points. Red Patton of New Brighton, a Junior, tallied 22 points.

While running in the stretch of the 440 yard intercollegiate relay championship race in the Penn relays yesterday, Eulace Peacock, Temple athlete, suddenly pulled up lame and limped across the line in second place, 10 yards behind Harvey Wallender. Peacock was taken to the hospital. His injury may not prove serious according to Lawson Robertson, U. of P. and Olympic coach. A quartet of Texas runners won the 440 yard run in 41.1 which was five seconds better than the mark set nine years ago.

Bryant Grant, Atlanta will play Don Budge, Oakland for the Mason-Dixon singles tennis championship at White Sulphur Springs, Sunday. Grant beat Hal Surface, Kansas City yesterday 7-5, 8-6, 10-8. Mrs. Virginia Rice Johnson and Katherine Winthrop, both of Boston, won the women's doubles championship by beating Eunice Dean of San Antonio and Norma Taubele of New York, 6-3, 6-1.

Six Teams In City Softball Loop This Year

Radiators And Knights Of St. Vitus Latest Teams To Join Circuit

The New Castle city softball league will open on Monday night May 11 with six teams in the fold. It was announced by President "Bugs" Walther today. The franchises have been closed and no more teams will be admitted. A schedule is being drawn up.

Knights of St. Vitus under "Buddy" Marino and the Radiators under "Oakie" Ross are the two latest teams to join the circuit. The remaining teams will be Croton Progressives, Box Factory, Nobils, and Keystone.

A ruling was made last night that is to be iron clad, to wit—that after a team has played, ten scheduled games in the first half of the season they cannot but, sell, trade or acquire any other ball players until the end of the first half has been completed. This is one of the strongest rules that has ever governed the league here.

Player Lists
The player lists for the league will be 17, and must be in the hands of the league secretary Michael "Jake" Babovsky on or before the opening game is played. Contracts will be printed and distributed to the various managers.

Another meeting of the league managers only will be held at the "Y" next Friday night at which time the matter of umpires will be taken up for discussion. It is asked that all who care to umpire this year attend the meeting next week.

Chicago Cubs Trim Pirates

Too Much Lon Warneke For Pittsburgh Boys To Fathom, Score 6 To 1

DODGERS AGAIN STRANGLE GIANTS

By PAT ROBINSON
International News Service Staff Writer

NEW YORK, April 25.—Judging by recent events, some of our more astute baseball prognosticators may have to cut their predictions unsalutary before October rolls around.

Crawling out on a limb is a hazardous pursuit at any time but particularly foolhardy at the start of a season for many a training camp Ty Cobb becomes just another Joe Giutz somewhere west of Peoria before June.

Some of the boys, for instance, said Connie Mack's outfit would be lucky to finish in the American league, and on what the A's showed down south, that seemed a fair estimate of their worth.

Athletics Trip Sox
But old Connie may feel them. Ball players, last, he has a pretty fair club. Thursday the old man uncovered Harry Kelley, a rookie good enough to trim the Red Sox with three hits and yesterday he unveiled Dusty Rhodes who breezed to a 3-1 victory with eight hits.

The A's scored all their runs off Marcum in the first heat, a fact which must have given Connie a few chuckles, for the Sox gave Connie a safehold of bank notes for Marcum and handed him Rhodes on a platter.

Despite all their high-priced talent, the Sox must get pitching to stay near the top. They are sure to get it from Grove and Ferrell but they have yet to prove the others are good enough to win consistently. The Dodgers also may cause a few hasty revisions of opinion. Casey Stengel has good pitching, if he has nothing else, a fact which the Giants will readily admit. Big Van Mungo made it two in a row for the Dodgers over the Giants by fanning eight of them, giving eight scattered hits and winning 8 to 2.

Cubs Topple Pirates
Lon Warneke, the Cubs' problem child, set the club's fears about his arm at rest, when he held the Pirates to seven hits while his mates pounded Blanton and successors for a 6-1 decision.

The bees are still another team who will be tougher than rated. They may finish last, and probably will, but so long as they can get at least not so long as they can get a man like Danny MacFayden to hold the Phils to six hits as he did yesterday. The bees got 10 hits off Curt Davis and Jorgens to win 4 to 1.

Gomez Wins One
The Yanks fell on Ed Linke for 17 hits to beat Washington, 10 to 2. Lefty Gomez was generous with his passes—handing out eight—but the Senators could not hit behind the free tickets.

With Averill and Trosky hitting for the circuit, Mel harder had little trouble in giving the Indians a 6-2 verdict over the White Sox.

Rajah Hornsby probably is moaning low these days. He is getting enough hitting to win almost any game but his pitching has been the worst in either league.

Turkish "Rassler" Defeats Shikat In Match In Detroit

(International News Service)
DETROIT, April 25.—Wrestling's big-time had a new champion today—All Baba, a Detroit Turk, who defeated Dick Shikat in a title bout for the world's heavyweight championship here last night.

Shikat, thrown from the ring twice before he was defeated in 46 minutes and 40 seconds, was taken to a hospital for observation and X-ray examination. It was feared he might have suffered a possible fractured spine.

Once, when he was tossed from the ring he landed at the feet of Buddy Rogers, the orchestra leader and movie star, who was among the 8,500 fans.

With his defeat Shikat's court difficulties at Columbus, O., may be over, since those suing him will no longer find his service of value as champion, and, it was reported, they might drop their actions.

Mahoning A. A. To Meet Sunday
Nick Cangey of the Seventh Ward announced today that the Mahoning A. A. baseball team will have an important meeting at Columbus Hall Sunday morning at 10 o'clock.

All members of the team and any others wishing to try out for the team this year are asked to be prompt in reporting.

Wallinder And Owens To Race In Penn Relays

Young Texas Sprinter Figures To Give Mr. Owens Tough Race

EULACE PEACOCK PULLS TENDON

(Philadelphia News Service)
PHILADELPHIA, April 25.—Provided the comedy Française feels that there is no infringement of its copyright, the second and concluding day of the Pennsylvania relay carnival will resume its patter this afternoon, with some degree of assurance that Jesse Owens, the world's greatest sprinter, and "Chink" Wallinder, of Texas, will finally have their showdown.

Meantime, it seemed impossible that Eulace Peacock, the national champion, would get anywhere, except maybe upon one elbow upon his bed of pain at the University hospital.

Peacock Crippled
Eulace, the octavus Roy Cohen character, either pulled or didn't pull a tendon yesterday while vainly chasing Wallinder into a carnival record of 41 1-10 as anchor man of the Texas 440-yard relay team. The element of doubt was furnished by Eulace himself.

He declared that he would not only anchor Temple university in the 880-yard relay championship against Owens and Wallinder this afternoon but would go through with the special 100-meters against the pair. But even if he could he shouldn't. That is, unless I'm wrong again and the Olympic games at Berlin turn out to be just another glittering triviality.

Home Run Hitters

(International News Service)
Trosky, Indians; Averill, Indians; Bell, Browns; Cooke, Red Sox. Leaders—Klein, Cubs, 4; Trosky, Indians, 4; Dickey, Indians, 3; Ott, Giants, 3; Fox, Red Sox, 3; Goodman, Reds, 3.

Glenn Cunningham Faces Test Today In Drake Relays

(International News Service)
DES MOINES, Ia., April 25.—The greatest galaxy of middle distance stars likely to be assembled this college season was here today to test whether Glenn Cunningham, the flying Kansan, is still their master on the cinder path.

In order to fulfill his role as the 27th annual Drake relays' No. 1 star this afternoon, Cunningham must beat Elroy Robinson, Jack Fleming, Ray Sears, Harry Williams and Harold Manning in a feature 1,000-yard event.

Robinson, the Fresno State sensation, was last year's unanimous all-American and all-college selection in the half mile, a distance just 120 yards short of the race today. Fleming anchored the Wildcat sprint relay team to a new intercollegiate record at Des Moines and has run the half in 1:52.9, the time with which Robinson won the last national collegiate title.

Hill High In Rifle Shoot

Leo W. Hill was high man with 190 in the semi-weekly shoot of the New Castle Rifle club at the Cathedral range last night, with W. H. Shipley and Giddings tied for second high with 189's.

The results of the shoot, Leo W. Hill 190, W. H. Shipley 189, Giddings 189, Harner 188, McKeown 188, VanHorn 170, Allen 185, Dean 185, McKibben 186, W. McBride 176, Black 184, Miller 157, Patterson 180, D. Pugh 182.

FAST PRELIMS IN SHELBY FIGHT SHOW ON MONDAY

Keul-Roberts, McShane-Thomson, Bartle-Curzi Bouts Will Give Action

ELLWOOD CITY, April 25.—Things are rapidly coming to a head now and amateur fighters of the district are tapering off today in their workouts for the second fight show at the Shelby Auditorium, Monday night at 8:30.

The ring will again be placed in the middle of the floor which will enable the fans to obtain seats from any angle. Any seat in the house will provide a good view of the show. The popular Ray Eberle of Aliquippa will again be the announcer. The third man in the ring will be announced later.

Fast preliminary bouts chuck full of action will lead up to the main go, which will exactly be no pink tea itself. The scrappy and hard-hitting Karl Keul of Ellwood City is matched with Kid Roberts of Springdale at 149 pounds in the curtain raiser. The local lad has been fighting only a year and lacks seasoning. But this is made up by a terrific punch he has developed. In Roberts he will meet an opponent who has only had a little more experience than himself, but is reputed to be a crafty boxer. Bob McKeown, golden glove champion of East Liverpool, O., at 150 pounds will meet a man worthy of his steel in Joe Thomas of Pittsburgh. The latter is the brother of the John Henry Thomas that defeated Paul Kraynak at the last show. In the third bout of the evening will be Frankie Carideo, golden glove champion at 130 pounds of Youngstown, O., and Al Mancini of Pittsburgh.

THE PARENT PROBLEM

By Garry C. Myers, Ph. D.

FACTS FOR PARENTS

There are about 35,000,000 parents of children under 21 in the United States. About 40 per cent of our population now are over 40 years of age. In 50 years more about half our population will be over 40, and only a quarter will be under 20. In 1930 we will have 10,000,000 people over 65 years of age. Our population is getting older. Will this make life harder for the child?

Fewer children are being born; the birth rate is declining. And the greatest decrease is among those who economically can best afford children and can give them the best opportunities. Between 1900 and 1930 the decrease in size of family was 10 per cent in professional groups, while among unskilled labor it was only 1 per cent. Whereas families of farm owners also decreased 1 per cent in this period, families of farm renters increased 5 per cent, and of farm laborers increased 13 per cent.

According to Lorimer and Osborne, "there is hardly a single urban group in which the majority of the young people enjoy the advantages of high school, and in which many continue their education through college that is now replacing itself from one generation to another. Will our best American stock gradually disappear?"

Experts have estimated that at present rate we might expect, during a generation, a decrease of 12 per cent in the "genius class" and an increase of from 5 to 9 per cent

in the various grades of feeble-minded.

Never Learn to Read.

In the United States are 4,000,000 who have never learned to read and write, though many of them could. We have 3,000,000 children with impaired hearing, and 3,000,000 more with speech defects which greatly handicap them socially.

We have about as many persons in the institutions for the mentally sick as in our colleges and universities combined. On the average, more than every other hospital bed is occupied by a mental patient. One child out of 20 will spend part of its life in a hospital for mental disease.

After some years of decline, infant mortality in this country remained stationary but rose in 1934. The United States ranks higher than many other leading countries of the world in letting babies die before they are a year of age. We rank first among the civilized nations of the western world in letting mothers die in child birth—with more than 15,000 maternal deaths a year—nearly half as many as the number of persons killed annually in automobile accidents.

In a recent study at Columbia university, Dr. Eisenberg found that 43 per cent of the children interviewed have dreams attributable to radio programs. Of these dreams, three-fourths are nightmares.

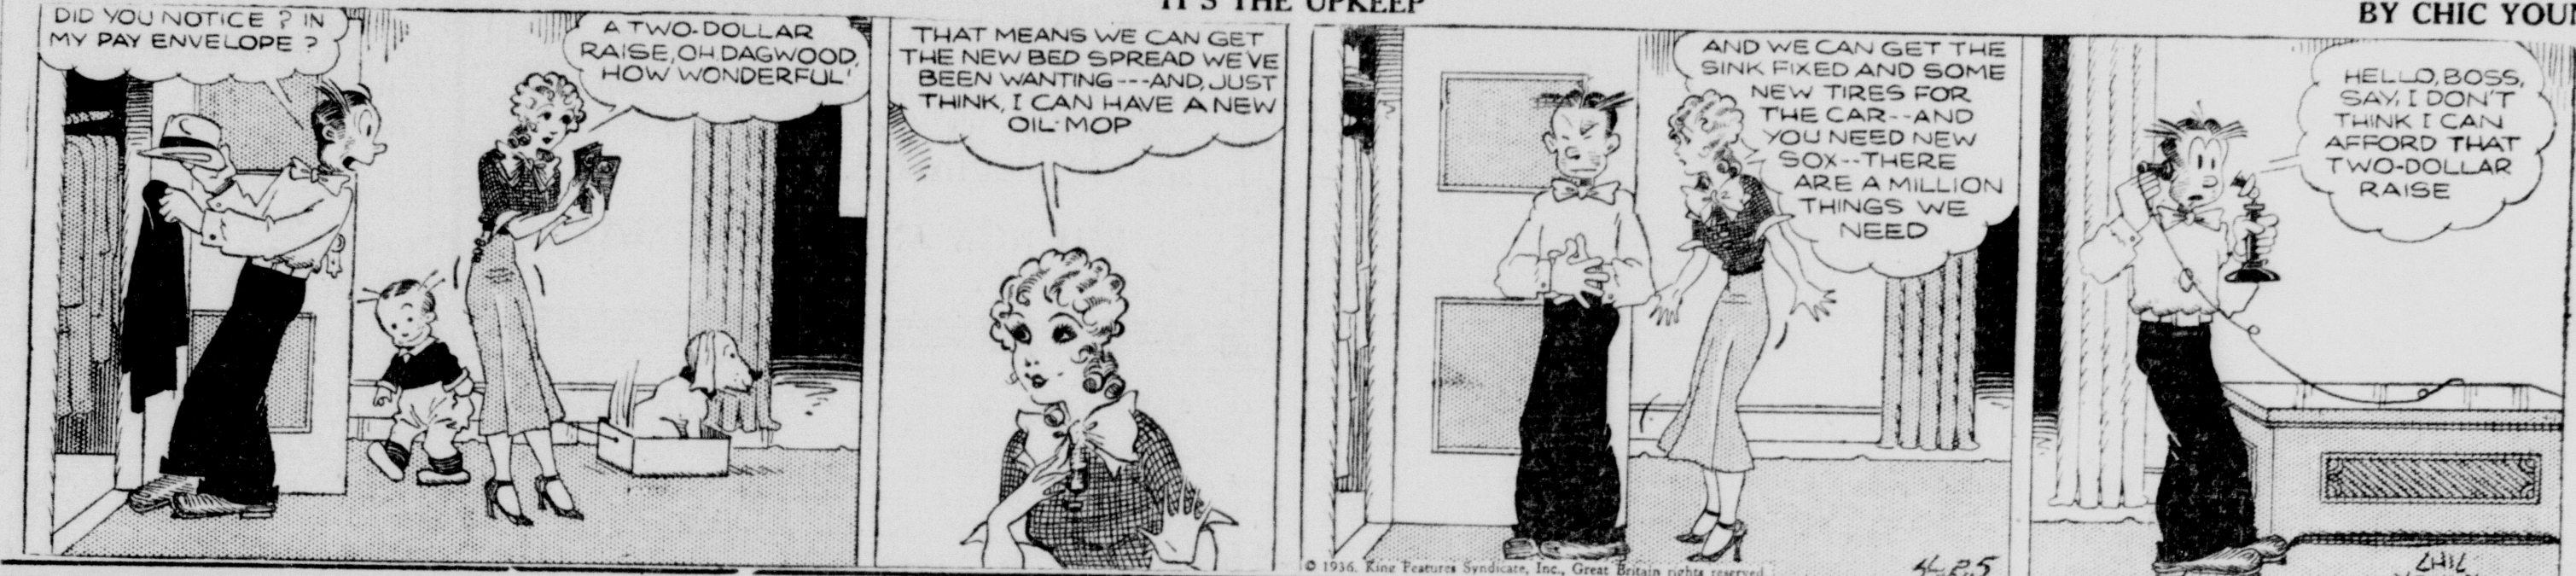

Some of the foregoing facts should make good materials for group discussion.

Stock Market Higher Today

Fears Relieved By Liberalizing Action On Margins By Stock Exchange

By LESLIE GOULD
International News Service

NEW YORK, April 25.—Its fears relieved by the liberalizing action on margins by the New York Stock Exchange and the Federal Reserve board, the stock market improved today under leadership of motors.

Steel, rails and coppers likewise worked higher, and the market's tone was in sharp contrast to the weakness of recent sessions.

Higher prices ruled from the opening. Around the end of the first hour some profit-taking brought a temporary recession. Closing prices were under the day's best levels.

Week-end uncertainties as the president's speech tonight and the French elections tomorrow played an important part in holding trading volume down but did not bring a revival of recent liquidation.

Bonds were stronger with stocks. Grains were lower and cotton steady. Foreign currencies continued heavy.

Closing prices follow: Union Carbide 84, unchanged; Union Pacific 121, up 1/2; U. S. Steel 64 1/2, up 1/2; U. S. Steel Pfd. 125 1/2, up 1/2; Westinghouse 113 1/2, up 1/2; Woolworth 46 1/2, up 1/2; Allied Chemical 187, unchanged; American Can 125, up 1/2; American T. & T. 164, up 1/2; American Water Works 23, up 1/2; Anaconda Copper 36 1/2, up 1/2; Atchafalaya 74, unchanged; Bethlehem Steel 54 1/2, off 1/2; Baltimore and Ohio 19 1/2, up 1/2; Case 160, up 3; Chrysler 100 1/2, up 1/2; Douglas 61 1/2, up 1/2; General Electric 37 1/2, up 1/2; General Foods 38 1/2, up 1/2; General Motors 66 1/2, up 1/2.

Liquor Store At York, Pa., Is Scene Of Holdup

Two Bandits Get \$870.56 In Cash And Checks
Totaling \$600

(International News Service)
YORK, Pa., April 25.—State police and city detectives were hunting two middle-aged men here today who forced clerks at a local store to open the store safe and then escaped with \$870.56 in cash and checks totaling more than \$600.

John Seiser and H. M. Hoff, the clerks, were going off duty and locking the store when the holdup men forced them back into the establishment at gun point.

From the day's accounts in the safe, the bandits obtained \$870.56 in cash and four checks, one for \$322, Police Chief Percy Gerber said. After fleeing Seiser of \$10 in cash and a \$45 wrist watch, the pair bound their victims with electricians' tape and fled.

Movie Girl Will Ask For Divorce

Girl In Hollywood And Husband Somewhere In Mexico, Will Tell Judge

(International News Service)
HOLLYWOOD, April 25.—"My husband is somewhere in Mexico, so why be married at all?" said a movie girl today in court when she asked for a divorce from her husband.

With these words Pauline Craig, dark-eyed New York show girl, today became fourth character in the strange real-life matrimonial game which seems to have grown out of the moving picture, "The Great Ziegfeld."

Since the picture opened three weeks ago there have been five marriages, one divorce and one separation among members of its cast.

Miss Craig, wife of Hal Craig, radio engineer, whom she married in an elopement to Monroe, Mich., three years ago, said she would file divorce action soon.

"I'm here in Hollywood and he's somewhere in Mexico. That's not much of a marriage, is it? And it's been that way ever since we married," she said.

Probe Bank Account Of Late Detective

New York Detective Commits Suicide Rather Than Face Inquiries

(International News Service)
NEW YORK, April 25.—A careful check-up with banks on financial documents left by Charles Hemminger, veteran detective, who killed himself yesterday, was to be made today by probers of the Drukman bribery scandal.

Hemminger sent a bullet crashing through the roof of his mouth at the hour he was to have appeared before special prosecutor Todd to explain allegedly heavy bank deposits. He was regarded as a key witness in the investigation into the story of Detective Charles S. Connor reported today.

This amount was nearly \$12,000 more than the deposits in banks on December 31, 1935 and \$512,000 more than deposits on Dec. 31, 1928, the dates of the two previous high records in the history of the national banking system.

Says Three Million Foreign Nationals On Relief Rolls Of U.S.

(International News Service)

WASHINGTON, April 25—Declaring the federal government is supporting 3,000,000 foreign nationals on relief rolls, Senator Robert Reynolds (D) of North Carolina, on Friday urged that immigration to this country should be drastically reduced.

The statement came during the sessions of the closing hours of the 45th annual convention of the Daughters of the American Revolution. Speaking before about 2,000 delegates in constitution hall, Reynolds declared the problem of the foreign-born has become so acute that within 25 years the country will be dominated by a communist government unless steps are taken to curb the existing flood of immigrants, and to Americanize those already in the country.

As a part of his program, Reynolds said, he would have every alien resident registered and fingerprinted by the government and would tighten immigration laws to prevent citizens of European countries from eluding quotas by entering the United States through countries of the western hemisphere such as Canada and Mexico.

"Every alien who enters the country illegally plays his part to prejudice Americans against all aliens," Reynolds asserted. "For this reason, every outstanding alien, every citizen of foreign birth, should be alert to put our immigration on the highest possible plane. It is clear to me that we must Americanize the alien before the alien alienizes the Americans."

Contracts Are Being Signed

New Jameson Hospital Prepaid Care Plan Being Put Into Operation

HOSPITAL HEAD WELL PLEASSED

For the past week articles have been appearing in these columns explaining various features of the Jameson Memorial Hospital "prepaid care plan." Since Thursday, the contracts have been ready for members to sign and from the number signing contracts the explanations have cleared up any questions that arose in the minds of those interested.

The prepaid care plan is simple in its detail but comprehensive in its protection of those who are members. For \$6 per year a citizen may assure himself of all necessary hospital care for any part or all of 35 days per year without cost save for physician's fee. This membership entitles the member to a private ward. For \$9 he can assure himself of a private room. For ten dollars additional he can take out a family membership which assures him that his wife and dependent minor children will be cared for at half the bed rate for an unlimited time.

Such a plan is not new in the world. Half a century ago Great Britain was experimenting with such a plan, and Bismarck had a similar idea in Germany. In the United States Baylor University investigated the feasibility of the plan and instituted it in that city.

Now it has come to New Castle, a plan that assures citizens of adequate protection at a fee within the reach of all. Any further questions upon the workings of the plan will be answered by Dr. Wayne W. Bissell, medical director of the Jameson Memorial hospital.
